michaeldiputra

I am a student at Wira Harapan Vocational School, majoring in Software Engineering, who has high enthusiasm for information technology and software development. I have experience in web design competitions and understand how to implement designs that have been created by web designers or design teams. As an individual who is passionate about continuing to learn and develop in the IT field, I can work well, both in a team and individually

Experience

JANUARY 2024
LKS Provincial Level
3rd Place - Individual web design competition
 - LKS Competition (Lomba Kopetensi Siswa) provincial level held individually
 - Successfully won 3rd place with less than 1 month of preparation

AUGUST 2023 - OCTOBER 2023
INVENTION 2023
Finalist - Web design competition with teams
- Competition with a team of 2 people who create a website with the title "CodeCamp" which is online complete with a proposal and presentation using PowerPoint
 - Assist in creating programs, PowerPoint, proposals and presentations

Education

2013 - 2019
SDK Thomas Aquino

2019 - 2022
SMPK 2 Harapan

2022 - Now
Software Engineering Department
SMK Wira Harapan

Skill

 - Web programming using HTML, CSS, JavaScript, and frameworks such as Bootstrap.
 - Able to implement designs that have been created by a web designer or design team into a website
 - Understanding of using AdminLTE with PHP in creating databases
